

REYYAN KARADENİZ

Computer Engineering Student | Software Developer | Full Stack Developer / .NET Developer

Computer Engineering student with hands-on experience in software development, backend systems and database-driven applications. Experienced in C, C#, Java and .NET-based development, with practical knowledge of ASP.NET Core, SQL and modern software development practices. Developed and maintained multiple academic and professional projects, including a deployed personal portfolio application. Comfortable using AI-assisted development tools for research, implementation, debugging, refactoring and problem solving.

Location: Kocaeli/İzmit

TECHNICAL SKILLS

Programming Languages: C · C# · Java · Python · JavaScript · SQL

Backend & Frameworks: .NET · ASP.NET Core · ASP.NET Core MVC · REST API · Entity Framework Core

Databases: PostgreSQL · SQL Server · SQLite

Software Development: OOP · Data Structures & Algorithms · Git/GitHub · API Development · Database Management

Tools: Visual Studio · VS Code · IntelliJ IDEA · Linux

AI-Assisted Development: LLM-based development tools · Code generation · Debugging · Refactoring · Technical research

Software Development Intern — TRTek Yazılım

2026

- Contributed to software development projects using modern backend and web development technologies.
- Worked with ASP.NET / .NET-based application architecture and database-driven systems.
- Implemented application features by following layered architecture and separation-of-concerns principles.
- Worked with database operations, validation, API/backend logic and application configuration.
- Used Git-based version control throughout the development process.

EDUCATION

B.Sc. Computer Engineering
2024 – Present · GPA: 3.37

TECHNICAL ABILITIES

C, Java, SQL
GitHub, Linux
VS Code, IntelliJ IDEA
HTML . CSS . JavaScript . Deployment

CERTIFICATES

ASP.Net core MVC | 2026
YKS | 33k Sayısal | 2024
English B1 | 2023
GSB Volleyball | 2021
